

VALUE CARE PLAN

Information provided by Anglo Medical Scheme and Kaelo / Prime Cure

29 March 2021

Dear member,

Please find attached information for Value Care Plan relating to Covid-19 vaccines.

For further questions about this information please contact Prime Cure on **0861 665 665**.

Kind regards

Anglo Medical Scheme

WHAT I NEED TO KNOW ABOUT THE COVID-19 VACCINE?

Why should I take the COVID-19 vaccine?

The COVID-19 vaccine is intended to provide immunity against the virus. By taking the vaccine we create what is known as Herd Immunity.

What is Herd Immunity?

Herd Immunity is when a large number of people in a community are vaccinated, making it difficult for the virus to spread as most of the people it encounters are immune.

For detailed information on the COVID-19 vaccine use the following QR code to:

- Learn the Basics on COVID-19
- Improve your Vaccine Knowledge
- Know the Difference between Myths and Facts

Registration for the vaccine will be available via the EVDS Self Registration

Use the QR code to access the EVDS Self Registration portal and download the User Guide for detailed information.

FREQUENTLY ASKED QUESTIONS ABOUT THE COVID-19 VACCINE.

1

Now that confirmation has been made available that the COVID-19 vaccine may be purchased separately and not from the government, will Kaelo purchase it?

No, Kaelo will not purchase the vaccine directly as healthcare providers and/or designated service providers will purchase the vaccine and follow the normal claims process.

Note - some of the vaccines are currently in the registration process in South Africa. Once registered, the process to procure vaccines should move at a faster pace.

Will we be funding the vaccine for Anglo Value Care Members?

Kaelo will cover the cost of the vaccine for all qualifying Anglo Value Care Members and Dependents.

Once more information is available, we will communicate on who qualifies and where the vaccine can be obtained.

2

3

Will Members be able to get the vaccine?

If Members fall into Phase 1 - Healthcare workers, then they can register and obtain the vaccine if they qualify. At this point no schemes or insurers are being billed as the medication is not registered and the costs have not been confirmed.

As soon as we are made aware an updated communication will be sent. We want to ensure that the process of obtaining the vaccine for qualifying Members is seamless.
